Instructor: Sam Palermo

ECEN-474/704

April 3, 2018

Due: April 17 2018, 5:00 P.M.

Submit a progress report that includes:

- a) Statement of the problem you are addressing
- b) Discussion on the project challenges
- c) Literature survey of current solutions
- d) Discuss the rationale behind your proposed solution(s).
- e) Describe the current status of the project and show your preliminary simulation results.

I need 1 report per team. Please submit this electronically via email.

Be concise but clear in your report! 3-5 pages (total) should be enough.
