Assignment # 5

Preliminary Project Report

Instructor: Sam Palermo
ECEN-474
November 12, 2012
Due: November 19, 2012, 5:00 P.M.

Submit a progress report that includes:
   a)  Statement of the problem you are addressing
   b)  Discussion on the project challenges
   c)  Literature survey of current solutions
   d)  Discuss the rationale behind your proposed solution(s).
   e)  Describe the current status of the project and show your preliminary simulation results.

I need 1 report per team.

Be concise but clear in your report! 3-5 pages (total) should be enough.
